

GUIDED VISITS IN ENGLISH

JULY 10th 2018

One more year, thanks to Laude Newton College and their Work Experience Programme, the **Historical Museum of Aspe** will offer guided tours aimed at the foreign community in the region.

Visitors will enjoy discovering the complete archaeological and ethnological collection from prehistory to the present. The house itself, 'Casa El Cisco', used to be a winery and mill that still retains its original structures where visitors can interact with objects.
